- Hindi (Fluent)
- English (Fluent)

PROFILE

Dynamic and motivated professional with foundational experience in technology and programming, poised to make a significant impact in software development. Proficient in C++, JavaScript, and SQL, bringing a strong understanding of programming principles and a commitment to continuous learning. Eager to contribute effectively within team environments, leveraging technical expertise to solve complex problems and enhance user experiences. Passionate about driving impactful projects and advancing skills in a dynamic tech landscape.

PROJECTS

Expense Tracker with Charts   2025 - PRESENT

- Add & Categorize Expenses – Users can log expenses and categorize them (e.g., Food, Travel, Shopping)
- Filters & Sorting – Filter expenses by date, category, or amount to track spending efficiently.
- Interactive Data Visualization – Monthly spending trends displayed using Chart.js for clear insights.

WEATHER FORECAST

- Real-time Weather Data – Fetch temperature, humidity, and conditions using the OpenWeather API.
- Search Functionality – Users can enter a city name to get weather details.
- Dynamic UI – Background or icons change based on weather conditions (e.g., rain, snow, sunny).
